Program Highlights Across the District

We're excited to share a few updates from recent events and celebrations across our schools. Last week, our interns joined Executive Chef **Travis Widak** at Punetes Multilingual School for a Discovery Kitchen session featuring our **homemade pickles**. Students enjoyed learning about the pickling process and sampling the finished product, making the event both educational and delicious.

Student Forum at ACCE School

On the 19th, we hosted a Student Forum in the ACCE School library, featuring a tasting of Impossible™ Spicy Chicken Nuggets.

Looking ahead, we have two more exciting engagements on the calendar:

A **Global Eats** event at **WIMA/WiHI** this Friday.

We also want to celebrate members of our team with November birthdays. Please join us in recognizing **Nonna Williams**, Lead at WIMA, and **Sharon Wilson**, Server at Ford ELC. We're grateful for their dedication and the positivity they bring to our school communities.
